- **Analytics & BI:** Data Modeling | Dashboard Creation | Data Visualization | AI/ML Fundamentals
- **Business & Consulting:** Executive Stakeholder Engagement | Strategic Planning | Project Management
- **Soft Skills:** Communication | Adaptability | Team Leadership | Problem-Solving

WORK EXPERIENCE

Business Intelligence Developer

BrainRocket | Dec. 2024 – Present

- Develop and optimize SQL queries for data pipelines, enhancing reporting accuracy and reducing processing time.
- Build Power BI dashboards and automate workflows with Power Automate, accelerating decision-making for cross-functional teams.
- Collaborate with business stakeholders to identify AI and automation opportunities, including early exploration of n8n for process improvements.
- Provide strategic guidance to executives on data best practices, integrating both technical and business perspectives.

Advisor/Data Analyst (HR Analytics & Operations)

City of Dreams Mediterranean | Oct. 2022 – Dec. 2024

- Led the development of analytics solutions (SQL, Python, Power BI), enabling data-driven workforce planning and improved talent management.
- Acted as a key advisor to department heads, presenting actionable insights that shaped operational strategies and reduced turnover rates.
- Coordinated large-scale hiring and retention initiatives, leveraging data analysis to optimize processes and enhance employee engagement.

Administrative Analyst & AML Support (Previously VIP Dealer)

City of Dreams Mediterranean | Sept. 2018 – Jan. 2022

- Analyzed operational metrics and implemented streamlined procedures, improving administrative efficiency and reporting.
- Assisted the Anti-Money Laundering (AML) team with critical database projects, strengthening compliance measures.
- Provided VIP client services in a high-pressure environment, demonstrating strong communication and customer-focused problem-solving.
